

EZ LYNK AUTO AGENT

Thank You for purchasing your Auto Agent with tuning support from Anarchy Diesel Tuning, LLC. Once you have installed the auto agent device to the truck and created your EZ Lynk account you will need to share your profile with us for tuning.

To share your profile perform the following:

1. Navigate to the “My Vehicles” menu using the EZ Lynk app.
2. Select your vehicle from the list (should only be one)
3. Select “Manage Shares”
4. Confirm your vehicle VIN and select “Share”
5. Enter anarchydiesel@gmail.com
6. Select your desired speed limiter option
7. Enter your vehicle details
8. Select “done”

Shortly after sharing your profile with us you will have options to download and install tuning following the on screen directions.

We hope you enjoy your EZ Lynk device. For technical support, just click on “report a problem” from the settings menu and an EZ Lynk technician will contact you as soon as possible for assistance.
